THIS IS THE MOUNTAIN WEST

From its inception in 1999, the Mountain West has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MW continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. Now in its 19th year, the MW has been assertive in its involvement with the NCAA governance structure and has taken a leadership role in the overall administration of intercollegiate athletics.

The Mountain West has marked several achievements during its first 18 years, most notably becoming the first to establish a sports television network dedicated solely to an intercollegiate athletic conference (The Mtn.). The Mountain West also was the first to experiment with the coaches' challenge in the college football instant replay system, and was the first non-automatic-qualifying BCS conference to participate in four BCS bowl games, winning three. In the inaugural year of the new College Football Playoff system, Boise State earned the automatic slot into a New Year's Six bowl game as the highest-ranked champion from the Group of Five 5 conferences. The Broncos defeated then 10th-ranked Arizona 38-30 in the VIZIO Fiesta Bowl. In 2011-12, the Mountain West was among the first conferences to implement a league-wide state-of-the-art basketball instant replay system.

Changes in the NCAA governance structure set the table for another Conference first, when two members of the MW Student-Athlete Advisory Committee (SAAC) were included in the June 2014 meeting of the Mountain West Board of Directors. New Mexico track and field athlete Kendall Spencer, the national chair of the 2014-15 NCAA Division I Student-Athlete Advisory Committee, and Air Force Academy volleyball player Emma Dridge joined the BOD members in this historic meeting to advance the discussion on student-athlete involvement in the NCAA and MW governance structure. During the last three academic years, MW student-athletes participated on monthly membership calls and have joined MW administrators in the annual Joint Council Spring Meetings in Arizona.

The Mountain West is well-represented within the new NCAA governance structure, including individuals who were appointed to serve on committees tasked with managing the day-to-day business of Division I athletics. Colorado State President Tony Frank currently sits on the DI Board of Directors, while MW Commissioner Craig Thompson and Fresno State Faculty Athletics Representative Dawn Lewis are members of the DI Council. Kendall Spencer, the former chair of the DI Student-Athlete Advisory Committee and UNM track & field athlete, was the first student-athlete in the history of the organization to serve on the Division I Board.

Additionally, the Mountain West was the first conference to have a member institution with No. 1 overall picks in both the NFL and NBA drafts in the same year (Utah's Alex Smith and Andrew Bogut, respectively in 2005). With UNLV's Anthony Bennett claiming the No. 1 pick in the 2013 NBA Draft, the Mountain West is one of three conferences to have multiple No. 1 NBA draft selections since 2000. Also, with San Diego State's Stephen Strasburg earning the No. 1 pick in the 2009 MLB Draft, the Mountain West is one of two conferences to have the No. 1 selection in each of the NFL, NBA and MLB drafts since the MW was founded in 1999.

The Mountain West is noted for its geographic diversity. Some of the most beautiful terrain and landscapes in the nation can be found within Mountain West boundaries, including the majestic Rocky Mountain range, which borders five MW institutions (Air Force, Boise State, Colorado State, New Mexico and Utah State). The high plains of Wyoming (elevation 7,220 feet – the highest Division I campus in the nation) contrast with the desert cities of Las Vegas and Reno, home to UNLV and Nevada, respectively, while Fresno State, San Diego State and San Jose State add a West coast influence with their locations in Central, Southern and Northern California. The inclusion of the Hawai'i football program extends the Mountain West footprint to the beautiful islands in the Pacific Ocean, while the addition of the women's soccer program at Colorado College gives the MW an additional presence in the Rocky Mountains.

HISTORY

The Mountain West was conceived on May 26, 1998, when the presidents of eight institutions — Air Force, BYU, Colorado State, New Mexico, San Diego State, UNLV, Utah and Wyoming — decided to form a new NCAA Division I-A intercollegiate athletic conference. The split from a former 16-team conference re-established continuity and stability among the membership within the new league and signaled the continuation of its tradition-rich, long-standing athletic rivalries. Three of the MW's eight original members have been conference rivals since the 1960s (New Mexico, Wyoming and Colorado State), while San Diego State (1978) and Air Force (1980) were longtime members as well. UNLV and TCU entered the fold in 1996 and the Rebels continued as one of the original eight institutions that formed the MW in 1999. TCU re-joined the group with its first year of competition in the Mountain West in 2005-06. With conference realignment sweeping the nation in recent years, the MW has been proactive in addressing membership changes. Boise State University joined the Mountain West in 2011-12, followed by Fresno State and the University of Nevada on July 1, 2012. Also on July 1, 2012, the University of Hawai'i became a football-only member of the Conference. On July 1, 2013, the Mountain West further expanded when San José State University and Utah State University joined the Conference, bringing to 11 the number of full-time member institutions and 12 football-playing members. On July 1, 2014, the Colorado College women's soccer program became the first non-football affiliate member of the Mountain West, expanding that sport to 12 Conference participants.

When the Mountain West officially began operations on July 1, 1999, the new league had in place a seven-year contract with ESPN, giving the broadcast entity exclusive national television rights to MW football and men's basketball, and three-year agreements to send the league's football champion to the Liberty Bowl and a second team to the Las Vegas Bowl. Commissioner Thompson also arranged a third bowl tie-in each of the first three seasons (1999 Motor City, 2000 Silicon Valley, 2001 New Orleans) before securing a four-year deal with the Emerald Bowl in San Francisco in 2002.

Entering the 2017 season, the MW has agreements with seven (7) different bowl games that will generate at least five (5) guaranteed postseason opportunities for its member institutions. These include primary positions with the Famous Idaho Potato Bowl, Gildan New Mexico Bowl, NOVA® Home Loans Arizona Bowl, Las Vegas Bowl, and Hawai'i Bowl - and secondary positions with the Ticket City Cactus Bowl and the Foster Farms Bowl.

An innovator in the postseason bowl structure, the MW engineered many "firsts," as league teams have participated in seven inaugural bowl games (2000 Silicon Valley, 2001 New Orleans, 2002 San Francisco (Emerald), 2005 Poinsettia, 2006 New Mexico, 2015 Arizona, 2015 Cure), as well as placing the first non-automatic-qualifying FBS team into a BCS bowl game with Utah's appearance in the 2005 Tostitos Fiesta Bowl and into the College Football Playoff (CFP) with Boise State's selection to the 2014 Tostitos Fiesta Bowl.

San José State won its first MW softball title and garnered the Conference's automatic bid to the NCAA Tournament. Fresno State joined the Spartans in the NCAA postseason after earning an at-large berth. In addition to the two NCAA bids, the Mountain West landed three squads in the National Invitational Softball Championships (NISC). ACADEMICS

From the outset, Mountain West member institutions have been committed to creating strong academic partnerships across the Conference. This includes partnering in research initiatives and providing student-athletes with the highest standard of academic support services.

OPPORTUNITY

The Mountain West provides a first-class athletic and academic experience for more than 5,100 student-athletes each year. Over the past 18 years, 42 Mountain West student-athletes have earned NCAA Postgraduate Scholarships, and since the league's inception in 1999, an additional 36 student-athletes have been named MW Scholar-Athlete of the Year and awarded league-sponsored postgraduate scholarships. Four Mountain West student-athletes have earned distinction as Rhodes Scholars (Jessica Mellinger, Wyoming, and Delavane Diaz, Brittany Morreale and Rebecca Esselstein, Air Force).

Conference student-athletes are also given a voice regarding pertinent issues within the MW and NCAA governance structure through representation on the Student-Athlete Advisory Committee (SAAC). The Mountain West SAAC is comprised of 24 members (22 student-athlete representatives, the MW representative to the Division I National SAAC and one faculty athletics representative). The committee reviews and reacts to legislation and to other topics referred by the Conference constituent groups or committees related to the student-athlete experience. Since the inclusion of two SAAC members at the June 2014 meeting of the MW Board of Directors, the Conference maintains its commitment to the participation of student-athletes in its governance structure, which is consistent with the Mountain West's focus on enhancing the student-athlete experience.

As part of its continuing growth and development, the Mountain West has implemented an extensive Sportsmanship Initiative, endorsed by both the MW Joint Council and MW Board of Directors. The program is made up of several elements, which are both practical and philosophical. While the MW has significant penalties in place to deal with violations, the Sportsmanship Initiative is primarily promotional and educational in nature. The goal is to develop an environment that fosters appropriate behavior from all Conference constituencies.

COMMISSIONER THOMPSON

Craig Thompson was the Mountain West Conference's first employee when he was named Commissioner on Oct. 15, 1998. Ever since, Thompson has navigated the Conference through the ever-changing landscape of intercollegiate athletics. As the league enters its 19th season of competition in 2017-18, Thompson continues to create and improve the opportunities for Mountain West institutions and student-athletes to be successful both academically and athletically.

Since the Mountain West opened its doors on January 4, 1999, Thompson has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MW has flourished under the guidance of Commissioner Thompson and continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. He has been instrumental in negotiating nearly $300 million in television revenue and has been an innovator in the postseason bowl structure as MW teams have participated in six inaugural bowl games.

As conference realignment spread throughout the collegiate landscape, Thompson positioned the Mountain West for the future with the additions of Fresno State and the University of Nevada on July 1, 2012, and San José State University and Utah State University on July 1, 2013. The University of Hawai'i also joined the league as a football-only member on July 1, 2012, while Colorado College became a member in women's soccer on July 1, 2014.

Thompson's leadership and vision have helped the Conference enhance its television revenue and exposure through revolutionary agreements with CBS Sports Network and ESPN, becoming the first major collegiate athletic conference to launch a dedicated sports channel featuring exclusive programming around its athletic programs, as well as conference news. In the summer of 2006, the centerpiece of this historic relationship was realized with the launch of The Mtn. – MountainWest Sports Network – the first sports network dedicated to serving a single collegiate athletic conference. The Mountain West was also one of the first conferences to develop its own digital network and in collaboration with Stadium, continues to expand and enhance the league's profile by taking advantage of the latest in digital technology via the Mountain West Network (MWN). As a result, the Mountain West again broke new ground in 2016, becoming the first league to broadcast a football game live on Twitter. The MW was also the first conference to broadcast a live basketball game on the same platform, as well as the first to have a bowl game streamed live on Twitter and Facebook.

Thompson has been instrumental in strengthening the position of the Mountain West in the college football landscape - both in the previous Bowl Championship Series (BCS) format and in the current College Football Playoff (CFP) structure. In 2006, he spearheaded an effort that resulted in better access for the MW and more than doubled the annual BCS revenue on an annual basis for non-automatic-qualifying conferences. The MW has been steadfast in its efforts to find a way to make the collegiate postseason football system fair for all universities. Through its first 18 years of competition, the Mountain West has participated in 84 bowl games, amassing a 46-38 (.548) all-time record in those contests.

A 39-year veteran of athletic administration, Thompson has spent all but eight of those years sitting in a commissioner's chair, making him one of only two active FBS commissioners with more than 30 years of experience leading a conference. Throughout his career, Thompson has been an integral part of the national landscape in intercollegiate athletics, holding many prestigious NCAA posts. Thompson currently sits on the NCAA Division I Council and CFB Management Committee while also serving as a member of the College Football Officiating Board of Managers, LLC. In June 2017, he was appointed to the NCAA Division I Men's Basketball Committee for the second time in his career, following a five-year term from 1995-2000 that culminated with him serving as Chair of the committee from July 1, 1999 to September 1, 2000.

Over the tenure of his career, Thompson has also been a member of the Executive Committee and the Director's Cup Committee of the National Association of Collegiate Directors of Athletics (NACDA), as well as the governing NCAA Council and various Council subcommittees. In addition, he has played a prominent role in hosting numerous men's and women's NCAA postseason basketball tournaments in St. Louis, Atlanta, New Orleans and Denver.

Prior to his current role, Thompson served as the commissioner of the Sun Belt Conference for nearly eight years and as the only commissioner of the American South Conference prior to the merger of the two leagues in 1991.

While at the Sun Belt Conference, he spent the majority of his time addressing national trends and challenges in intercollegiate athletics, television exposure, issues relating to conference membership and promoting corporate involvement. In 1997-98, the Sun Belt instituted a comprehensive sportsmanship policy, which earned Thompson designation as a 1998 Sports Ethics Fellow by the Institute for International Sport. Under Thompson's leadership, the Sun Belt was active in expansion as it continued to strengthen its posture nationally, adding Florida International University and the University of Denver.

Prior to its merger with the Sun Belt, Thompson served as the first and only commissioner of the American South Conference, which boasted an NCAA national champion in women's basketball during its first year. The American South also gained immediate national cable television exposure on ESPN and sent numerous teams into NCAA postseason play during the conference's four-year history.
Preceding his move to commissioner, Thompson served four years as the Director of Communications for the Metro Conference in Atlanta. While at the Metro, he directed the communications operations and administered conference championship events. Thompson originated the Metro Conference Sportswriters and Broadcasters Association, began a weekly radio program with over 300 affiliate stations, and originated a weekly satellite video program involving all Metro institutions. He also took on administrative duties such as coordination of officials, scheduling of tournament and regular-season play, and handling of legislative rules interpretations.

Thompson graduated from the University of Minnesota with an undergraduate degree in journalism. Following graduation, he spent two years as assistant sports information director at Kansas State University, earning numerous CoSIDA publication awards. He then spent three years as director of public relations and promotions for the NBA's Kansas City Kings.

Thompson and his wife, Carla, have a son (Ted) and a daughter (Emma).

MOUNTAIN WEST NETWORK

Consistent with the spirit of innovation upon which the Conference was founded, the Mountain West, in collaboration with Stadium, continues to provide fans with on-demand access to live game action, compelling feature content, and the latest news from across the conference by taking advantage of the latest in digital technology via the Mountain West Network (MWN).

The Mountain West Network has been recognized for its technical achievement, having received three consecutive Emmy Awards (2014-16) from the Heartland Chapter of the National Academy of Television Arts and Sciences. Since its launch in October of 2012, the MWN has provided fans over 3,200 on-demand videos, while also streaming over 6,100 events, including most Conference championships. Over 43 million unique viewers from more than 179 countries have tuned into MWN content since the network's debut in 2012.

The Mountain West Network has extended its reach on social media platforms as well. Through its partnership with Stadium, the Mountain West became the first league to broadcast a football game live on Twitter with the Aug. 30, 2016 contest between Weber State and Utah State. The Conference also became the first to broadcast a live basketball game on Twitter (Alaska-Fairbanks at Boise State on Nov. 6, 2016), as well as the first to have a bowl game streamed live on Twitter and Facebook (NOVA® Home Loans Arizona Bowl between Air Force and South Alabama on Dec. 30, 2016). In addition, since its inception, the MWN has accumulated over 7.5 million views of its on-demand content on Facebook and Twitter alone.

Mountain West Network content is accessible by pointing any internet browser to TheMW.com. In addition, the MWN can be watched from the official athletics website of each MW member institution, and fans can tune in from the league's official mobile application for iOS and Android devices. Visit the App Store or Google Play for details on the free application.

All Mountain West Network programming is also available on Stadium, a 24/7 live and on-demand sports network that delivers world-class content that you can access anytime, anywhere, with no cable subscription required. Campus Insiders, 120 Sports and Sinclair Broadcasting have combined forces to launch Stadium, the industry's only all-platform sports network complete with a live, daily national studio operation, an exclusive and unique collection of professional and collegiate rights, nearly 3,000 live games plus classic games and archives, and a broad array of post-game highlights, up-to-the-moment news, and original, long-form programming. THREE NEW HEAD COACHES JOIN MW RANKS IN 2017

In 2017, the Mountain West will have three new head coaches, all of whom will be in the West Division.

Fresno State introduced Jeff Tedford on November 10, 2016. Tedford comes to the Valley with 11 years of head coaching experience at the Division I level – having led the California Golden Bears to 82 wins from 2002-2012. He left as the school's all-time winningest coach.

Tedford's ties to the Valley and Fresno State run deep. He played quarterback at Fresno State in 1981-82 under Jim Sweeney and coached at Fresno State under Sweeney from 1987-88 and 1992-96, and under a then-first-year head coach Pat Hill in 1997.

Brent Brennan, a recent San José State University assistant football coach, returned to the university as the Spartans' new head football coach, SJSU announced on December 7, 2016.

The 43-year old Brennan was an assistant coach with the Spartans during the 2005-10 seasons under head coaches Dick Tomey and Mike MacIntyre. For the last six seasons (2011-16) he coached wide receivers at Oregon State. The Beavers played Texas in the 2012 Alamo Bowl and won the 2013 Hawaii Bowl over Boise State.

The University of Nevada selected Jay Norvell to lead a new era of Wolf Pack football, announced on December 9, 2016. The 53-year-old Norvell brings a 31-year coaching career, featuring stops at some of the nation's top programs and the game's biggest stages, to Nevada, where he will be the 26th head coach in program history.

An All-Big 10 defensive back during a stellar playing career at Iowa, Norvell has made his coaching mark on the other side of the ball, coordinating offensive schemes at UCLA, Nebraska, Oklahoma, Texas and, most recently, Arizona State. He's tutored a number of top players, including NFL wide receivers Kenny Stills and Sterling Shepard, as well Ryan Broyles, who left Oklahoma as the NCAA's all-time receptions leader.

FIRST-YEAR HEAD COACHES IN THE MOUNTAIN WEST

The Mountain West has welcomed 30 new head coaches over the last 18 seasons. Former BYU head coach Gary Crowton and current Boise State head coach **Bryan Harsin** have posted the most victories and highest win percentage among the group with 12 victories and an .857 win percentage in their inaugural years in 2001 and 2014, respectively. Harsin became the first to conclude his inaugural season by winning the Mountain West Championship Game, the first of two outright MW Championships in program history. Harsin is the only alumnus to lead the Broncos as head coach in the history of Boise State. Harsin is one of three first-year coaches to win at least 10 games in their inaugural season, joining Crowton (12 wins, 2001) and Urban Meyer (10 wins, 2003).

MOUNTAIN WEST NOTEBOOK

RETURNING SIGNAL-CALLERS

Ten of 12 Mountain West institutions return quarterbacks that started at the end of the 2016 season, including Wyoming's **Josh Allen**. An NFL personnel director said, "you can put it in the books, Josh Allen will be the No. 1 pick in the NFL draft next year."

All three of the Mountain West's 2,000-yard passers (Fresno State's Chason Virgil, Hawai'i's Dru Brown and Utah State's Kent Myers) and the two 3,000-yard passers (Boise State's Brett Rypien and Wyoming's Allen) from 2016 return.

Colorado State's season-opener on August 26th against Oregon State kicks off the historic inaugural season at the Rams' new on-campus stadium. It is the first time since 1967, CSU football will be played on campus.

Air Force participated in a bowl for the ninth time in 10 years under head coach Troy Calhoun. Wyoming earned bowl eligibility for the first time since 2011 while New Mexico went bowling in back-to-back seasons for the fourth time in program history. Overall, the Mountain West has earned 84 bowl bids since 1999 and holds a 46-38 (.548) all-time record. The league has also posted an overall postseason mark of at least .500 in 10 of the last 13 seasons.

The 2016 postseason marked the 10th straight year the MW has sent at least five teams to bowls and 13th time since the league's inception in 1999. It also marked the fourth straight year that six or more MW squads advanced to the postseason.

Over the last 12 seasons, the Mountain West has captured the Bowl Challenge Cup four times and owns the third-best win percentage in bowl games among the 10 FBS conferences with a 39-30 mark (.565) during that span. MW BOWL PARTNERS

MOUNTAIN WEST BOWL SYNOPSIS

The number of postseason appearances for the Mountain West will be driven by on-the-field performance, starting with the opportunity to play in the national semifinals or another New Year's Day bowl game as part of the College Football Playoff arrangement. The highest-rated champion from among the five non-contracted conferences (AAC, C-USA, MAC, Mountain West, SBC), as chosen by the College Football Playoff Selection Committee, is guaranteed a slot in the system. In the 18 seasons since the league's inception, the Mountain West's champion or a current MW member has been a BCS/CFP participant eight (8) times, placing teams in the Fiesta (5), Rose (1) and Sugar (2) Bowls during that period.

The MW also has agreements with seven (7) additional bowl games which in any given year will generate at least five (5) guaranteed postseason opportunities for its member institutions. These include primary positions with the Famous Idaho Potato Bowl, Gildan New Mexico Bowl, NOVA® Home Loans Arizona Bowl, Las Vegas Bowl, and Hawai'i Bowl - and secondary positions with the Cactus Bowl and the Foster Farms Bowl. The MW is the primary back-up for the Cactus Bowl in the event the Big 12 or Pac-12 conferences do not fill their slots; similarly the MW is first in line to replace the Big Ten or Pac-12 conferences if they leave an opening in the Foster Farms Bowl.

COLLEGE FOOTBALL PLAYOFF

ABOUT THE COLLEGE FOOTBALL PLAYOFF

In its second season, the College Football Playoff format remains unchanged: top four teams, two semifinals played in bowl games, and the national championship game played in a different city every year. Each semifinal will be played during the New Year's holiday with the national championship game in prime time on a Monday night at least a week later.

THE SELECTION COMMITTEE

A selection committee will choose the four teams for the playoff based on their performances during the regular season, including strength of schedule, head-to-head results, championships won, and other factors. The teams will be seeded so that #1 will play #4 in one semifinal and #2 will meet #3 in the other, with the winners advancing to the national championship game.

THE ROTATION

The semifinals will rotate among six different bowls, extending the experience to more fans. In the years when the bowls are not hosting semifinals, the bowls will feature eight other teams in four compelling matchups.
