The Lupus Research Alliance's mission is to find better treatments and ultimately prevent and cure systemic lupus erythematosus (SLE, or lupus), a debilitating autoimmune disease, by supporting the most promising and innovative lupus biomedical research. Collectively to date, the organization has committed over \$173 million to lupus research projects at the most prestigious universities, medical schools and hospitals throughout the world. Born from the merger of three organizations with a common belief in the potential for science to overcome lupus, the Lupus Research Alliance is at the forefront of driving innovative research that can make a difference for people living with the prototypical autoimmune disease.

With that shared conviction, the Board of Directors promises to cover all administrative and operating costs of the organization, ensuring that 100% of all donations go directly to funding research programs in order to realize our vision of a world free of lupus. Since 2001, the New York Jets have increased awareness of lupus and helped raise much needed funding for research through the Walk with Us to Cure Lupus program, proceeds from the annual New York Jets Kickoff Luncheon and other events in the tri-state area.

## TODD BOWLES

“Todd and I have a very good working relationship. We work very closely together. We communicate constantly. We both have the same vision for what we want to achieve here and that includes ownership too in terms of Woody (Johnson). We are all working towards that common goal. ... I think the world of Todd and I think I really like what he has done with this offseason, not only with the team and working with the players with some of the coaches he has brought in.”

• General Manager **MIKE MACCAGNAN** [07|31|17]

(On how he feels about the Jets culture right now...) “I think we’re in a great place just because (Head) Coach (Todd) Bowles laid out an environment where we come in and compete, we work hard. Really it started way back in the offseason, but (he) just did things to help shape and cast a vision for us of what we want to become and then challenge us to hold that standard, and really and truly watch the vets on this team come together and establish that. Whether it was Leo (Leonard Williams), or Steve (McLendon), or Mo (Muhammad Wilkerson), or Brian (Winters) – just these guys coming together, have been here a while and saying, “This is how we want it to be, and then let’s hold everybody to those things,” and so that’s been really good. I think it’s a good environment right now for us.”

• QB **JOSH McCOWN** [08|15|17]

## KEVIN GREENE

“Kevin is a ball of fun every day and his energy is infectious. Kevin has a famous saying, “You have to have a hunter’s heart.” To sit in the room with him every day, you feel his energy and those guys feed off of him. He’s laid a really high expectation for them. He wants the group to look like him in how they play should look and it’s really contagious. He’s tremendous.”

• Defensive Coordinator **KACY RODGERS** [08|15|17]

## JOHN MORTON

“I think the thing that Johnny Mo (Morton) does a good job of is that he’s been exposed to a lot of football and so take in, I think a lot of people have, but sometimes I think you forget some of the exposure that you have – you might go to this group and you forget how you ran the play – he’s able to pull from different places he has been and he remembers the plays and says, “This will work about against this group, this will work against that group.” I think that’s a strength for him and for us it’s as we get a game plan, he really knows how he wants to attack somebody, so yeah I would say very creative in that regard because he has a wide range of knowledge because of all of the places he’s been and the different guys he has been able to work with.”

• QB **JOSH McCOWN** [09|27|17]

“I think John has done a great job considering the pieces that he has to add – it seems like we’re adding a guy every other week. Just blending those guys together and figuring out what they can do and still trying to get his offense off the ground. Some things we have to come along (from a) continuity standpoint, but from a management standpoint and calling plays and getting those guys to gel, he’s been outstanding.”

• Head Coach **TODD BOWLES** [10|11|17]

## 33

## JAMAL ADAMS

“We’ve talked about these two young safeties for a while now. I think they’re gifted young players, special players. Not just physically, but their approach and how they carry themselves.”

• QB **JOSH McCOWN** [08|05|17]

“He had some good plays. He’s an exciting player. He did a lot of things the right way. He brings a lot of emotion with him. He got the team behind him, and got them into it.”

• Head Coach **TODD BOWLES** [09|24|17]

(On why Adams graded well in his first NFL game..) “It wasn’t so much just the plays. His eyes were good. His reads were good. Everything he did, he did it the right way. He made tackles when opportunities presented themselves. He made the plays he was supposed to make. He had a good ball game.”

• Head Coach **TODD BOWLES** [09|11|17]

11

## ROBBY ANDERSON

“He’s playing at a high level. We’ve said it all along, Robby has tremendous speed and because of that he’s always going to be able to impact the play whether the ball is going to him or not because you have to account for him. He continues to do things that impress us, and you realize there’s other things that he can do and you utilize him more doing this route or that route, and so his talent is obviously allowing Coach (John) Morton and the guys to come up with things that will help our team, and that’s a good thing for us.”

- QB **JOSH McCOWN** [08|15|17]

4

## LACHLAN EDWARDS

“I think that I told you guys early in the spring that I thought he would be one of the biggest improvements on this team that I’ve noticed. He really worked hard in the offseason and I’m sticking with that prediction. He became a pro over the offseason, learned how to prepare himself and take care of his body, and it takes some time. Is he a finished product? No, he’s not. But at some point you’re going to have a hell of a punter here, and I think you’re starting to see the very early signs of the progression of what you’re going to have here, and he’s going to be a very, very good player here.”

- Special Teams Coordinator **BRANT BOYER** [09|28|17]

32

## JUSTON BURRIS

“JB has really taken some big strides. We watch him and we’re sitting there like, this guy is physical, and he’s fast. Athletically, he can do everything we ask him, and the other night he didn’t disappoint, so right now he’s battling every day and so far we’re pleased with where he’s at.”

- Defensive Coordinator **KACY RODGERS** [08|15|17]

42

## THOMAS HENNESSY

“He’s done a heck of a job, just last week alone. His snaps have been really solid. His velocity has been really good. His blocking has been really good, but last week alone in coverage, he had two tackles and a forced fumble as a long snapper and that is damn good. I don’t know if I’ve seen very many snappers in my whole career that is like that as a coach or a player, that has covered like that. He’s done that nice of a job. He’s done a heck of a job since he’s been here.”

- Special Teams Coordinator **BRANT BOYER** [10|12|17]

56

## DEMARIO DAVIS

“Mentally, he’s sharper. He’s in a different place mentally. He got to play MIKE in Cleveland, and he’s played MO here before so (in) combining the two experiences, he’s a lot smarter understanding the defense and knowing when he can cheat and disguise as things and when he can’t so, mentally, he’s a lot sharper. But that comes with experience.”

- Head Coach **TODD BOWLES** [08|03|17]

(On the difference in Davis this year versus his first stint with the Jets...) “He’s night and day from a mental standpoint, the way he’s reshaped his body, his dedication, his study habits. Everything that he’s doing now, probably he didn’t have to do it two years ago because David ran the show, but now that he’s running the show – and I think his time in Cleveland has helped him develop into a great football player.”

- Head Coach **TODD BOWLES** [10|12|17]

10

## JERMAINE KEARSE

“He obviously makes plays, he catches the ball, makes tough catches in traffic, strong hands, and so those things, obviously you see it on tape, those are the things that as a quarterback, those down and distances when you have to have it and the throw is going to be tight and they’re going to be contested, you want the guy that you can rely on, the guy that you know you can throw it around and they’re going to put themselves in the best position to catch the ball and to make the conversion. He has shown that last week in Buffalo and yesterday.”

- QB **JOSH McCOWN** [09|18|17]

“Guys who are as smart and tough and understand the game, he’s got a Super Bowl ring. He’s helped out, not only us as a team, but the receiver room. He’s got a good presence about him, just like Josh McCown as a quarterback, the veteran leadership. When you have a guy like that, he’s very poised when he plays. The game slows down for him. It’s great to have him right now doing the things that he’s doing.”

- Offensive Coordinator **JOHN MORTON** [09|21|17]

14

**JEREMY KERLEY**

“That he can catch. He can catch the ball and he’s reliable. You like that as a play caller and as a quarterback. He’s been really reliable. He can catch. Anything that is thrown at him, he’s catching it.”

- Offensive Coordinator **JOHN MORTON** [10|12|17]

[On if he is surprised at how great the chemistry between him and Jeremy Kerley has been...] “I don’t think so. He’s been around a little while, I’ve been around a little bit longer, but for me, I guess throughout my career, developing chemistry as quickly as possible was part of the job, getting the guy in there and do it. He’s been great just because he’s a pro and the way he approaches the game and his understanding. We did something new today, he and I will pull over on the side and work through it, let’s talk about it. He sees the game the right way and we’re on the same page. Some of it is just that he makes a good play on the scramble on the sideline there on the first drive that is just him being a good football player and going out and making plays and being competitive. It takes that and it takes football awareness, and he’s got that too. I think that is really what has been the key to us being able to connect so much.”

- QB **JOSH McCOWN** [10|18|17]

58

**DARRON LEE**

“I’m really pleased with the way he came back from OTA’s to here...he worked his butt off over the summer. Then you see him right now in practice taking the step forward from his rookie year. It seems like the game is slowing down for him a little bit and we’re expecting a lot of D. Lee this year.”

- Defensive Coordinator **KACY RODGERS** [08|15|17]

[On how good Lee can be once he grasps the mental aspect...] “Well, he’s got the tools to be a good linebacker. You just want to take it day-by-day. As long as he gets better every day, I think he’ll become a good football player.”

- Head Coach **TODD BOWLES** [07|31|17]

95

**JOSH MARTIN**

[On what makes Josh Martin so good on special teams...] “He cares. I think that he’s one of those guys that – Josh Martin is a man, now – and he is big, and he’s strong, and he’s hard as hell to block. He’s a guy that, when I was playing, those kind of guys are hard as hell to block because they can beat you with speed, they can beat you with pass rush moves, they can beat you with strength and power. He is a hell of a player and he’s great in the locker room, takes a leadership role, him and Rontez Miles and those guys do a great job of taking a leadership role. They always know their stuff. They don’t make mental errors. They play their ass off every week, and that’s exactly what you want as a coach. If you have 11 of those guys playing for you, you’ll win a hell of a lot of games.”

- Special Teams Coordinator **BRANT BOYER** [09|21|17]

26

**MARCUS MAYE**

[On his thinking behind starting two rookies, Jamal Adams and Marcus Maye, at safety...] “They can play. It’s rare that these type of things happen, but those two guys showed so much in the spring in what we brought them along with, they can only get better. Their maturity level, as far as learning the plays, exceeded what we wanted for our expectations as a rookie, so we think those guys are ready to play.”

- Head Coach **TODD BOWLES** [07|30|17]

“We’ve talked about these two young safeties for a while now. I think they’re gifted young players, special players. Not just physically, but their approach and how they carry themselves.”

- QB **JOSH McCOWN** [08|05|17]

15

**JOSH McCOWN**

“Like I said, he’s a veteran guy. He’s seen a lot of football. The game is easy for him. Things that break down – he figures it out. You saw he did a good job scrambling. He made some big plays scrambling. That was key in the game and he’s doing a heck of a job. He’s spinning the ball, he’s finding the right guys – making good decisions. He took care of the ball last week, besides the one fumble, but I love what he’s doing right now.”

- Offensive Coordinator **JOHN MORTON** [09|21|17]

45

## RONTEZ MILES

“Rontez is a spark, to say the least. I think he’s a guy that, just like I said about Josh Martin last week, he’s a guy that enjoys ball and really enjoys playing, and guys gravitate to people around a team like that. I know one thing, that I loved to play with guys like him and Josh Martin and the core group of guys that we have here like that – the Julian Stanfords and the Bruce Carters, and guys like that. Any guys that love ball like that and have that kind of magnetic personalities, you love to play with guys like that, so Tez (Miles) will definitely help us if he’s out there. Really looking forward to having him back if he is, and he definitely helps us big time.”

- Special Teams Coordinator **BRANT BOYER** [09|28|17]

88

## AUSTIN SEFERIAN-JENKINS

“Because he is in a different spot mentally, you see a different player, and I think that goes on and off the field. We see a lot of things in him. He wants to be the best, and he wants to help the organization and show that he can be the best, and obviously when you get somebody like that that turns their life around, they listen to everything you’re trying to tell them and they try to apply it, and that’s what he’s doing.”

- Head Coach **TODD BOWLES** [10|18|17]

(On how much of a difference he sees in Seferian-Jenkins between his rookie year in Tampa Bay and now...) “It’s huge. It’s a complete 180 from where he was. The biggest thing is just his attitude, his overall approach when it comes to work, and his consistency. That was the thing. There would be days, kind of like how he is now. He would have some of those days but then there would be some days where there would be lulls where he would be a different guy. Now, Austin comes to work every day and he’s the same guy. He works hard, he’s positive and he’s trying to make himself better. Just from a personal standpoint to see it, you know what he’s gone through, to accomplish what he has and then also on the field to see him flourishing, it makes you proud. For me, just to see him as a rookie to now, I think the sky’s the limit for him and he’s doing really good.”

- QB **JOSH McCOWN** [10|18|17]

18

## ArDARIUS STEWART

(On what ArDarius Stewart brings to the return game...) “He’s got some toughness. He really has some really good run skill, and he knows how to set up his blockers. He has stretch and cut ability that I think is really, really good. He’s done a nice job.”

- Special Teams Coordinator **BRANT BOYER** [10|12|17]

96

## MUHAMMAD WILKERSON

“In dealing with Mo, we’re kind of looking at him and the things he’s done in the offseason, and the thing that’s really stood out is his leadership. He’s the guy that’s calling the team up. He’s the guy that’s encouraging people to come together and do this. But the stuff he’s doing on the field, I’m really pleased with where he is right now.”

- Defensive Coordinator **KACY RODGERS** [08|15|17]

92

## LEONARD WILLIAMS

(On what he expects from Williams this season)... “Nothing less than what he showed you last year. A lot of talent. People say the sky’s the limit, well the only limit is him. He doesn’t have a limit. He can grow as long as he wants to go. It’s not the sky. Because what if he reaches all his goals, I feel like he has more to reach then. He can reach all his goals in one year. If he reaches them, that means he hits the sky. That means there’s no limit for him.”

- DL **STEVE McLENDON** [07|28|17]
